DISCIPLINARY ORDER

IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. A 55805 issued to Respondent, Bradley Delmar Herrick, M.D. is revoked. However, the revocation is stayed and Respondent is placed on probation for three (3) years from the effective date of this Decision on the following terms and conditions:

1. <u>CONTROLLED SUBSTANCES - ABSTAIN FROM USE</u>. Respondent shall abstain completely from the personal use or possession of controlled substances as defined in the California Uniform Controlled Substances Act, dangerous drugs as defined by Business and Professions Code section 4022, and any drugs requiring a prescription. This prohibition does not apply to medications lawfully prescribed to Respondent by another practitioner for a bona fide illness or condition.

Within 15 calendar days of receiving any lawfully prescribed medications, Respondent shall notify the Board or its designee of the: issuing practitioner's name, address, and telephone number; medication name, strength, and quantity; and issuing pharmacy name, address, and telephone number.

2. <u>ALCOHOL - ABSTAIN FROM USE</u>. Respondent shall abstain completely from the use of products or beverages containing alcohol.

3. <u>BIOLOGICAL FLUID TESTING</u>. Respondent shall immediately submit to biological fluid testing, at Respondent's expense, upon request of the Board or its designee. "Biological fluid testing" may include, but is not limited to, urine, blood, breathalyzer, hair follicle testing, or similar drug screening approved by the Board or its designee. Respondent shall make daily contact with the Board or its designee to determine whether biological fluid testing is required. Respondent shall be tested on the date of the notification as directed by the Board or its designee. The Board may order a Respondent to undergo a biological fluid test on any day, at any time, including weekends and holidays. Except when testing on a specific date as ordered by the Board or its designee, the scheduling of biological fluid testing shall be done on a random basis. The cost of biological fluid testing shall be borne by the Respondent.

During the first year of probation, Respondent shall be subject to 52 to 104 random tests. During the second year of probation and for the duration of the probationary term, up to five (5) years, Respondent shall be subject to 36 to 104 random tests per year. Only if there has been no positive biological fluid tests in the previous five (5) consecutive years of probation, may testing be reduced to one (1) time per month. Nothing precludes the Board from increasing the number of random tests to the first-year level of frequency for any reason.

Prior to practicing medicine, Respondent shall contract with a laboratory or service, approved in advance by the Board or its designee, that will conduct random, unannounced, observed, biological fluid testing and meets all of the following standards:

- (a) Its specimen collectors are either certified by the Drug and Alcohol Testing Industry
 Association or have completed the training required to serve as a collector for the United
 States Department of Transportation.
- (b) Its specimen collectors conform to the current United States Department of Transportation Specimen Collection Guidelines.
- (c) Its testing locations comply with the Urine Specimen Collection Guidelines published by the United States Department of Transportation without regard to the type of test administered.
- (d) Its specimen collectors observe the collection of testing specimens.

- (e) Its laboratories are certified and accredited by the United States Department of Health and Human Services.
- (f) Its testing locations shall submit a specimen to a laboratory within one (1) business day of receipt and all specimens collected shall be handled pursuant to chain of custody procedures. The laboratory shall process and analyze the specimens and provide legally defensible test results to the Board within seven (7) business days of receipt of the specimen. The Board will be notified of non-negative results within one (1) business day and will be notified of negative test results within seven (7) business days.
- (g) Its testing locations possess all the materials, equipment, and technical expertise necessary in order to test Respondent on any day of the week.
- (h) Its testing locations are able to scientifically test for urine, blood, and hair specimens for the detection of alcohol and illegal and controlled substances.
- (i) It maintains testing sites located throughout California.
- (j) It maintains an automated 24-hour toll-free telephone system and/or a secure on-line computer database that allows the Respondent to check in daily for testing.
- (k) It maintains a secure, HIPAA-compliant website or computer system that allows staff access to drug test results and compliance reporting information that is available 24 hours a day.
- (l) It employs or contracts with toxicologists that are licensed physicians and have knowledge of substance abuse disorders and the appropriate medical training to interpret and evaluate laboratory biological fluid test results, medical histories, and any other information relevant to biomedical information.
- (m) It will not consider a toxicology screen to be negative if a positive result is obtained while practicing, even if the Respondent holds a valid prescription for the substance.

Prior to changing testing locations for any reason, including during vacation or other travel, alternative testing locations must be approved by the Board and meet the requirements above.

The contract shall require that the laboratory directly notify the Board or its designee of non-negative results within one (1) business day and negative test results within seven (7)

2.7

business days of the results becoming available. Respondent shall maintain this laboratory or service contract during the period of probation.

A certified copy of any laboratory test result may be received in evidence in any proceedings between the Board and Respondent.

If a biological fluid test result indicates Respondent has used, consumed, ingested, or administered to himself or herself a prohibited substance, the Board shall order Respondent to cease practice and instruct Respondent to leave any place of work where Respondent is practicing medicine or providing medical services. The Board shall immediately notify all of Respondent's employers, supervisors and work monitors, if any, that Respondent may not practice medicine or provide medical services while the cease-practice order is in effect.

A biological fluid test will not be considered negative if a positive result is obtained while practicing, even if the practitioner holds a valid prescription for the substance. If no prohibited substance use exists, the Board shall lift the cease-practice order within one (1) business day.

After the issuance of a cease-practice order, the Board shall determine whether the positive biological fluid test is in fact evidence of prohibited substance use by consulting with the specimen collector and the laboratory, communicating with the licensee, his or her treating physician(s), other health care provider, or group facilitator, as applicable.

For purposes of this condition, the terms "biological fluid testing" and "testing" mean the acquisition and chemical analysis of a Respondent's urine, blood, breath, or hair.

For purposes of this condition, the term "prohibited substance" means an illegal drug, a lawful drug not prescribed or ordered by an appropriately licensed health care provider for use by Respondent and approved by the Board, alcohol, or any other substance the Respondent has been instructed by the Board not to use, consume, ingest, or administer to himself or herself.

If the Board confirms that a positive biological fluid test is evidence of use of a prohibited substance, Respondent has committed a major violation, as defined in section 1361.52(a), and the Board shall impose any or all of the consequences set forth in section 1361.52(b), in addition to any other terms or conditions the Board determines are necessary for public protection or to enhance Respondent's rehabilitation.

///

Within 60 calendar days of the effective date of this Decision, Respondent shall enroll in a professionalism program, that meets the requirements of Title 16, California Code of Regulations (CCR) section 1358.1. Respondent shall participate in and successfully complete that program. Respondent shall provide any information and documents that the program may deem pertinent. Respondent shall successfully complete the classroom component of the program not later than six (6) months after Respondent's initial enrollment, and the longitudinal component of the program not later than the time specified by the program, but no later than one (1) year after attending the classroom component. The professionalism program shall be at Respondent's expense and shall be in addition to the Continuing Medical Education (CME) requirements for renewal of licensure.

A professionalism program taken after the acts that gave rise to the charges in the Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board or its designee, be accepted towards the fulfillment of this condition if the program would have been approved by the Board or its designee had the program been taken after the effective date of this Decision.

Respondent shall submit a certification of successful completion to the Board or its designee not later than 15 calendar days after successfully completing the program or not later than 15 calendar days after the effective date of the Decision, whichever is later.

5. NOTIFICATION. Within seven (7) days of the effective date of this Decision, the Respondent shall provide a true copy of this Decision and Accusation to the Chief of Staff or the Chief Executive Officer at every hospital where privileges or membership are extended to Respondent, at any other facility where Respondent engages in the practice of medicine, including all physician and locum tenens registries or other similar agencies, and to the Chief Executive Officer at every insurance carrier which extends malpractice insurance coverage to Respondent. Respondent shall submit proof of compliance to the Board or its designee within 15 calendar days.

License Renewal

25

26

27

28

Respondent shall maintain a current and renewed California physician's and surgeon's license.

Travel or Residence Outside California

Respondent shall immediately inform the Board or its designee, in writing, of travel to any areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty (30) calendar days.

In the event Respondent should leave the State of California to reside or to practice, Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of departure and return.

- 10. <u>INTERVIEW WITH THE BOARD OR ITS DESIGNEE</u>. Respondent shall be available in person upon request for interviews either at Respondent's place of business or at the probation unit office, with or without prior notice throughout the term of probation.
- 11. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or its designee in writing within 15 calendar days of any periods of non-practice lasting more than 30 calendar days and within 15 calendar days of Respondent's return to practice. If Respondent resides in California and is considered to be in non-practice, Respondent shall comply with all terms and conditions of probation. All time spent in an intensive training program which has been approved by the Board or its designee shall not be considered non-practice and does not relieve Respondent from complying with all the terms and conditions of probation. Practicing medicine in another state of the United States or Federal jurisdiction while on probation with the medical licensing authority of that state or jurisdiction shall not be considered non-practice. A Board-ordered suspension of practice shall not be considered as a period of non-practice.

In the event Respondent's period of non-practice while on probation exceeds 18 calendar months, Respondent shall successfully complete the Federation of State Medical Boards' Special Purpose Examination, or, at the Board's discretion, a clinical competence assessment program that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

· 25

Respondent's period of non-practice while on probation shall not exceed two (2) years. Periods of non-practice will not apply to the reduction of the probationary term.

Periods of non-practice for a Respondent residing outside of California will relieve Respondent of the responsibility to comply with the probationary terms and conditions with the exception of this condition and the following terms and conditions of probation: Obey All Laws; General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or Controlled Substances; and Biological Fluid Testing.

- 12. <u>COMPLETION OF PROBATION</u>. Respondent shall comply with all financial obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the completion of probation. Upon successful completion of probation, Respondent's certificate shall be fully restored.
- 13. <u>VIOLATION OF PROBATION</u>. Failure to fully comply with any term or condition of probation is a violation of probation. If Respondent violates probation in any respect, the Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation, or an Interim Suspension Order is filed against Respondent during probation, the Board shall have continuing jurisdiction until the matter is final, and the period of probation shall be extended until the matter is final.
- Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy the terms and conditions of probation, Respondent may request to surrender his or her license. The Board reserves the right to evaluate Respondent's request and to exercise its discretion in determining whether or not to grant the request, or to take any other action deemed appropriate and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its designee and Respondent shall no longer practice medicine. Respondent will no longer be subject to the terms and conditions of probation. If Respondent re-applies for a medical license, the application shall be treated as a petition for reinstatement of a revoked certificate.

2	with probation monitoring each and every year of probation, as designated by the Board, which		
3	may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of

FIRST CAUSE FOR DISCIPLINE

(Use of Alcoholic Beverages to the Extent, or in a Manner, as to be Dangerous to Respondent, Another Person, or the Public)

- 10. Respondent has subjected his Physician's and Surgeon's Certificate No. A55805 to disciplinary action under sections 2227 and 2234, as defined by section 2239, subdivision (a), of the Code, in that Respondent has used alcoholic beverages to the extent, or in such a manner, as to be dangerous or injurious to himself, another person, or the public, as more particularly alleged hereinafter:
- 11. On or about August 10, 2016, at approximately 4:14 p.m., National Park Service Rangers were on patrol near the Glen Canyon National Recreation Area, when they were dispatched to a report of a possible deceased or passed out male, drifting in a ski boat near Gunsight and Padre Bay. When the Rangers arrived at the location, they found the ski boat drifting along the shoreline. The Rangers maneuvered over the rocky shoreline and observed Respondent alone, passed out in the driver's seat of the ski boat, with his head down, leaning over the steering wheel.
- 12. As one of the Rangers boarded the ski boat, he noted the engine was off, but the keys were still in the ignition, the ignition was turned to the "on" position, and the throttle was placed in neutral. When Respondent was able to be awakened, the Rangers immediately noted that he smelled of alcohol and slurred when he spoke. Respondent's sunglasses were cocked on his head at a 45-degree angle, and he initially made no attempt to adjust them when speaking to the

Rangers. Respondent exhibited difficulty in locating and retrieving his identification when asked, and nearly fell over as he attempted to put on a life jacket.

- 13. A brief search of Respondent's ski boat yielded a half empty 350 ml bottle of vodka in the center glove compartment near the operator's console.
- 14. After performing poorly on standard field sobriety tests, Respondent submitted to a preliminary breath test, which registered his blood alcohol content to be .202 percent. Based upon the totality of the circumstances, Respondent was then placed under arrest for boating under the influence.
- 15. As Respondent was transported to a detention facility, he was uncooperative with the Rangers' commands and had to be physically placed in a seated position multiple times. During the booking process, Respondent refused to provide his social security number, and refused to submit to further chemical testing.
- 16. On or about September 15, 2016, the United States Attorney filed a criminal Information against Respondent in the matter entitled, *United States of America v. Bradley D. Herrick*, United States District Court, District of Utah, Case No. 2:16-PO-00466-RTB. Respondent was charged with three Class B Misdemeanors, including (1) Operating a vessel under the influence of alcohol, in violation of 36 C.F.R. §3.10(a)(1); (2) Refusal to submit to requested testing for blood/alcohol concentration, in violation of 36 C.F.R. §3.11(a)(1); and (3) Operating a vehicle with an open container of alcohol, in violation of 36 C.F.R. §4.2(b) / U.C.A. 1953 § 41-6a-516(2).
- 17. On or about December 1, 2016, the United States Attorney filed a Superseding Information against Respondent in Case No. 2:16-PO-00466-RTB, charging Respondent with one Class B Misdemeanor for being under the influence of alcohol to an unsafe degree, in violation of 36 C.F.R. § 2.35(c).
- 18. On or about December 19, 2016, Respondent was convicted upon his plea of guilty to being under the influence of alcohol to an unsafe degree, in violation of 36 C.F.R. § 2.35(c), and was sentenced to ten days of custody, and ordered to pay approximately \$1,025.00 in fines and fees.

19. On or about June 26, 2017, the Board received notification of Respondent's misdemeanor conviction for the first time upon receipt of a letter from Respondent's counsel.

20. Respondent has further subjected his Physician's and Surgeon's Certificate No. A55805 to disciplinary action under sections 2227 and 2234, as defined by section 2236, of the Code, in that Respondent has been convicted of a crime substantially related to the qualifications, functions, or duties of a physician and surgeon, as more particularly alleged in paragraphs 10 through 19, above, which are hereby incorporated by reference and realleged as if fully set forth herein.

THIRD CAUSE FOR DISCIPLINE

(Unprofessional Conduct) ...

21. Respondent has further subjected his Physician's and Surgeon's Certificate No. A55805 to disciplinary action under sections 802.1, 2227, and 2234 of the Code, in that Respondent has engaged in conduct which breaches the rules or ethical code of the medical profession, or conduct that is unbecoming to a member in good standing of the medical profession, and which demonstrates an unfitness to practice medicine, as more particularly alleged in paragraphs 10 through 20, above, which are hereby incorporated by reference and realleged as if fully set forth herein.
